

AY07-08

DATE	DEPARTMENT	NAME	AFFILIATION	LECTURE TITLE	
September	5	Neurology	James McNamara, M.D.	Carl R Deane Prof of Neuroscience, Duke Univ	2007 Gilbert Glaser Lecture (Fitkin Amphitheatre, 5 p.m)
	12	Neurosurgery	Wehab Linda Bi, Ph.D.	YSOM	Extracellular matrix molecules in gliomas: diagnostic and therapeutic potentials for BEHAB/brevican
	19	Neurology	Faculty Updates	Neurology Faculty	
	26	Neurosurgery	<b>GRAND ROUNDS CANCELLED BY NEUROSURGERY</b>		
October	3	Neurology	Faculty Updates	Neurology Faculty	
	10	Neurosurgery	Peter C Gerszten, MD	University of Pittsburgh	Spine radiosurgery: A new treatment paradigm for spine tumor therapy
	17	Neurology	Harry Sontheimer	Civitan Interanational Research Center	Ion channels & amino-acid transporters support the growth and invasion of primary brain tumors
	24	Neurosurgery	Angeliki Louvi, Ph.D.	Asst Professor of Neurosurgery, YSOM	Mechanisms of brain morphogenesis and pathogenesis
	31	Neurology	Bahman Jabbari, MD	Department of Neurology	An update on Parkinson's
November	7	<b>Brady Auditorium Unavailable</b>			
November	14	<b>Brady Auditorium Unavailable</b>			
December	21	Neurosurgery	Michael L.J. Apuzzo, MD	Keck School of Medicine	The quest for modernity
	28	Neurology	Shawn E Cowper, M.D.	Dept of Dermatology and Pathology	Nephrogenic systemic fibrosis: is it the gadolinium?
	5	Neurosurgery	<b>GRAND ROUNDS CANCELLED BY NEUROSURGERY</b>		
	12	Neurology	Santosh Kesari, MD, PhD	Harvard Medical School	Olig2:p53 axis in glioblastoma stem cells
December	19	Neurosurgery	Heather J McCrea	YSOM	New mechanistic insights into Lowe Syndrome: an X-linked disorder of the CNS, eye, and kidney
	26	<b>Recess: no Grand Rounds</b>			
	January	2	<b>GRAND ROUNDS CANCELLED BY NEUROLOGY</b>		
January	9	Neurosurgery	Tamas L Horvath, DVM, PhD	Chair, Comparative Medicine, YSOM	Mitochondrial uncoupling proteins in support of neuronal survival
	16	Neurology	Martin A Samuels, M.D.	Brigham and Women's Hospital	
	23	Neurosurgery	Mary C Whitman	YSOM	Adult neurogenesis: neuronal diversity, migration and integration into synaptic circuits
	30	Neurology	Steven B Leder, Ph.D.	Prof Surgery Otolaryng	Importance of appropriate dysphagia screening following acute stroke
February	6	Neurosurgery	<b>GRAND ROUNDS CANCELLED BY NEUROSURGERY</b>		
	13	Neurology	Steven E. Feldon, M.D.	URMC Rochester	Ischemic optic neuropathy
	20	Neurosurgery	Mark Souweidane, MD	Cornell	
February	27	Neurology	Gordon Buchanan, M.D.	YSOM	The ascending arousal system: an overview and clinical implications
	March	5	Neurosurgery		
	March	12	Neurology		
March	19	Neurosurgery			
	26	Neurology	Shirley H Wray	Harvard Medical School	
	April	2	Neurosurgery		
	April	9	Neurology	Ronald F Pfeiffer	Dept of Neurology, University of Tennessee
April	16	Neurosurgery	Julius Landwirth, MD	YSM	
	23	Neurology			
	30	Neurology			
	May	7	Neurology		
May	14	Neurosurgery			
	21	Neurology	Fred D Lublin, MD	Mount Sinai School of Medicine	
	28	Neurosurgery			
June	4	Neurology			
	11	Neurosurgery	Resident Research Updates	YSM - Neurosurgery	
	18	Neurology			
June	25	Neurosurgery	Resident Research Updates	YSM - Neurosurgery
