

Evaluation for
Developmental-Behavioral Pediatrics Rotation
2006 - 2007

For each experience, please circle the number that best corresponds with your evaluation of this aspect of the rotation with 5 being the highest evaluation and 1 being the lowest. Please feel free to contact me directly if you wish to discuss any aspect of the rotation in greater detail. Thank you for your feedback.

Please fill these out carefully and rate each and every experience you had during the rotation. Please complete these honestly so we can understand better the experience that residents are having during the DBP rotation.
