

SPR analysis Request Form

Submitter:

Submitter first name: _____

Submitter last name: _____

PI first name: _____

PI last name: _____

Institution:
Department:

Phone:
Fax:
PTAEO number (valid till) or PO number to bill

Fill in as much information as you know about the reactants:

Reactant	MW (kDa)	pI	Purity	Tag?	Valency	Conc.	Buffer

Are there unique tags on any of the reactants (GST, His-tag, FLAG, Biotin et c.)

If Fc tag present- it is mouse or human?

Do you have Ab against the unique tag?

How do you know that these reactants interact?

Are there any specific buffer requirement? e.g. divalent ions, DTT, extreme salts, pHs et c.
